Average Order Revenue by Discount Group

Revenue by Payment Method

Key Takeaways & Actionable Insights:

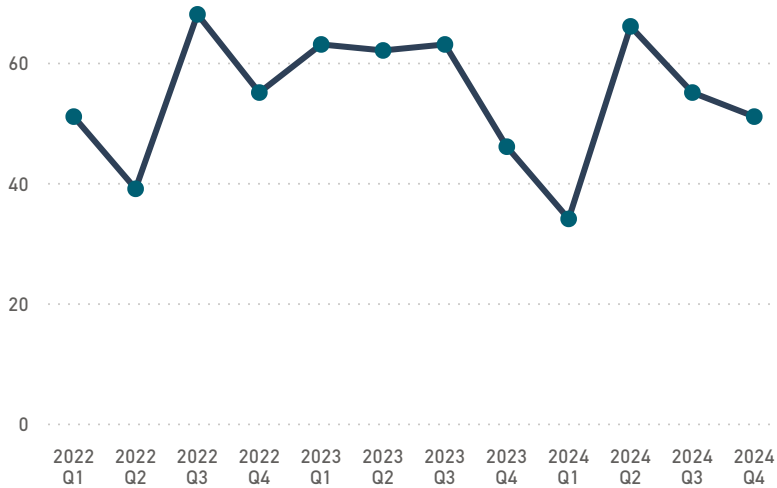

- **Operational Stability:** Delivery time is strictly consistent across all categories at 6.1 days with 0% operational delays detected.
- **Discount Efficiency:** Higher discounts on Clothing effectively drive volume, whereas Home shows low elasticity.
- **Payment Dominance:** Digital prepayments (Card & Wallet) account for 66.4% of total revenue.
- **Strategic Action:** Cap Home category discounts at 15% to protect gross margin and promote Wallet prepayments.
